buy quality iboga capsule, iboga TA, iboga root bark, iboga root bark powder, iboga HCL online at affordable prices

We have two different types of Tabernanthe Iboga Extract products, Iboga TA Extract and Ibogaine HCL. Ibogaine is a new therapy for chemical dependence that eliminates physical withdrawal signs and interrupts drug craving behavior. It is both a therapeutic and psychoactive addiction-breaker. It helps in breaking both drug and alcohol addictions. We ship world wide without any problems. Treatment info and all help you need about our products are also provided We are potential producers of Iboga root barks and Ibogaine hcl. Ibogaine is the active chemical found in the African Tabernanthe iboga root . Its known for its modern use in treating opiate , other drug addiction. If you are interested in our products do contact us through email. Iboga TA extract means Iboga "Total Alkaloid" extracts. TA Extracts contain all the active alkaloid compounds in Tabernanthe Iboga rootbark, but are highly concentrated — so a much smaller amount is required.
